

## **Author Guidelines for Reviewer Suggestions:**

**Qualification:** Suggested reviewers must hold a minimum of a PhD degree and be active researchers in their respective fields.

**Institutional Diversity:** Each suggested reviewer must be affiliated with a different professional organization or university, distinct from each other and the author(s).

**Conflict of Interest:** Authors must not suggest reviewers with whom they have a known conflict of interest (e.g., recent collaborators, mentors, or colleagues from the same institution).

**Discretion:** The Editorial Board of the **International Research Journal of Scientific Studies** reserves the right to select reviewers outside of this suggested list to ensure an impartial and rigorous review process.
